Recruitment Sources

- ▶ WebHRMS: SAI's in-house developed data repository that maintains database of resources, timesheets and reports.
- ▶ Buddy Scheme: Employee Referral Scheme
- ▶ Campus Interviews
- ▶ Job/Employment Web Database
- ▶ Press Advertisements
- ▶ Recruitment Agencies

Candidate Identification Process

- ▶ On receiving a request for a new resource the team conducts an analysis of the requirement and skill sets.
- ▶ Search the in-house database webHR for matching candidates. If no match, other secondary sources are approached.
- ▶ Once resumes are identified, these candidates are contacted via phone/email to seek their interest, and further screening is done.

Candidate Screening Process
